Summary

A specialised engineer on general artificial intelligence and passionate on problem solving to achieve data efficiency and optimization of current machine learning models. My research focuses on the correlation between causality and unsupervised learning.

Along with artificial intelligence and research, I share a passion for the world of sport. I am an experienced ski instructor with international ski racing background. Since 2007, I've been coaching several local Italian racing ski teams and hold several ski instructor courses. In 2011, I've obtained the diploma of ski master instructor, the highest professional Italian degree in alpine skiing, which allows me to train and coach aspiring future skiing instructors.

Work Professional Experience

2018-to date	Research Scientist <i>Huawei Technologies R&D, London, UK</i> Working in the area of deep generative models and causal inference.
2018-to date	Reviewer Serving as a reviewer for international journals in the area of machine learning and signal processing, such as IEEE Transactions of Neural Networks and Learning Systems and IEEE Transactions on Image Processing.

Academic Experience

2016	Teaching Assistant, Computer Vision (Code 140266) <i>M.Sc. in Telecommunications Engineering, University of Trento, Italy</i> Machine Learning for Computer Vision (introduction to statistical learning theory and neural networks).
2015	Teaching Assistant, Multimedia Networking (Code 140151) <i>M.Sc. in Telecommunications Engineering, University of Trento, Italy</i> Principles of video compression/coding (useful for transmission/storage of video files).
2015-2016	Research Intern <i>LAMDA group, Nanjing University, China</i> Advisor: Prof. Zhi-Hua Zhou. I've studied semi-supervised learning as well as positive unlabeled learning.

Sport Professional Experience

2011-to date	Ski master instructor <i>Italy</i> Holding several professional education and training courses for ski instructors and candidate ski instructors. This is the highest professional degree in alpine skiing (the total number of ski master instructors in Italy is around 200).
2007-2017	Ski coach <i>Italy</i> Coach of young athletes (6-20 years old) in several racing ski teams: Ski Team Sopramonte (2007/2008), Sci Club Padova (2008/2009), Sci Club Panarotta (2009-2011), Ski Team Paganella (2013/2014), Campiglio Ski Team (2016/2017).

Interests

Volunteering	From 2012 to 2014, I've participated to a no-profit association, GiPro , composed by young representatives of different sectors (e.g. ski instructors, engineers, lawyers, psychologists). The goal of the association is to promote the professional categories on the territory and stimulate the inter-professional collaboration of young people.
Others	I like playing soccer, alpine excursions.
